

## DESSO QuickFix™

The quick, easy and green solution for carpet tile installation

DESSO QuickFix™ offers an outstanding option for a professional installation of Desso carpet tiles with SoundMaster® (Lite) and traditional backings with special treatment. DESSO QuickFix™ is an environmentally friendly solution that's quick, easy to use and easy to remove.

## Quick, Easy & Green Installation

Fitting Desso carpet tiles has never been quicker and easier. DESSO QuickFix™ – a professional floor tile installation tape – has been developed in partnership with Velcro Industries, for a speedy and hassle-free fitting with a flawless finish. DESSO QuickFix™ can be used on all Desso carpet tiles with SoundMaster® (Lite) backing. Tiles with an EcoBase® or bitumen backing can easily be treated for use with DESSO QuickFix™.

DESSO QuickFix™ is also a great choice for the environment. Tiles can be swiftly removed and replaced time and again reusing the original tape. DESSO QuickFix™ releases zero VOCs\*, it's the ultimate installation solution. Because it's so quick to use there is no waiting time, saving you money on labour costs.

### Five reasons to use DESSO QuickFix™:

1. Significantly faster installation time than tackifier\*\*
2. Sustainable choice with zero VOC\* emission and no odour
3. A flawless professional finish
4. Better working position with a purpose-built application machine
5. Easy to replace individual tiles – or the whole floor - and to remove the tape from the subfloor

**DESSO QuickFix™ provides all these extra benefits at the same installation cost of tackifier.**

### How does it work?

Carpet tiles are installed in three simple steps with DESSO QuickFix™:

1. Prepare the subfloor making sure it's dirt and dust free.
2. Fix DESSO QuickFix™ on the floor with the adhesive part and grippers at the top using the special application machine – no need to position the strips per tile. Make sure the tape runs the full length of the tile using two strips per carpet tile (2x500mm/tile).
3. Once firmly fixed - install the tiles on top.

### How much do I need?

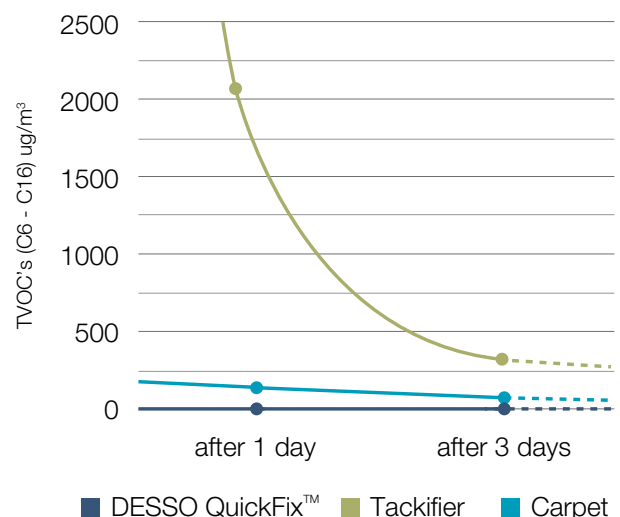

- DESSO QuickFix™ is delivered in cardboard boxes with four rolls of tape in each. One box will cover a 100 m<sup>2</sup> floor area.
- Each roll contains 100 metres of DESSO QuickFix™ with a minimum order of one box.

### Environmentally friendly

DESSO QuickFix™ is not only quick and easy to use, it's also a healthier choice. It releases zero VOCs\* compared to tackifier – see graph on the right.

Today, most people spend on average 90% of their time indoors which has led to Desso's vision: 'How to make the floor work for our health and wellbeing'. We develop unique products that improve indoor environment and work better for people's health and wellbeing and ultimately their performance. DESSO QuickFix™ is one of these innovative product developments.

### VOC\* emission reduction:

\* ISO 16000, AgBB evaluation scheme 2012 (detection limit 5 ug/m<sup>3</sup>)
